Abstracts 368

Aerial Science, Ltd., Balance Sheet, 1916 106, 107

Aero-Educational Premiums Fund ... 4, 6, 6

Aëronautical Journal 367

Aëronautical Society of Great Britain, The, Council's Report, 1916-17 ... 102-105

Aircraft Exhibition "At Home," The 95-99

Aircraft and Motor-Car Engine Design Contrasted from the Standpoint of a Designer-Manufacturer of Both Types. *Louis Coatalen* 313-332

Appointments 368

B.

Brancker, Brigadier-General, The Teaching of Flying 10-27

British Aircraft Constructors, The Society of 2, 3

C.

Case for the Large Aeroplane, The. *F. Handley-Page, A.F.Aë.S.* ... 28-47

Cave, Captain C. J. P., R.E. Some Meteorological Conditions which Increase the Danger of Flying ... 301-312

Civil Aerial Transport Committee ... 94, 256

Coatalen, Louis. Aircraft and Motor-Car Engine Design Contrasted from the Standpoint of a Designer-Manufacturer of Both Types 313-332

Commercial Aeronautics. *G. Holt Thomas* 369-389, 420

D.
